

## Volunteers in Need

The Food Bank for Larimer County works with integrity in mind. It is our goal to provide food to all in need, and this would include our volunteers. We recognize that some of the volunteers at this mobile distribution might also qualify to be a guest at the Food Bank for Larimer County. If you qualify as a guest, we ask that you let us know prior to distribution so that one of two things can occur.

1. You can select a representative either Food Bank staff or Site Coordinator to gather your food and place it in a designated area in the truck until distribution is complete or your shift is over.
2. You can choose to have the Site Coordinator give you a number with the understanding that it will be drawn at random, and when your number is called, leave the volunteer area and proceed through the distribution line.
